

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

With the influx of college kids home between semesters the conversations of the older generations at half time during basketball games seems to center around the boys' long hair.

The best comment we have heard related to this is that if anyone ever needed subsidizing by the government it is the barbers. A large part of their crop has already been diverted.

Some 200 youngsters in Jones County under the age of 21 have registered to vote but really to no avail since they can vote only in federal elections of which there are none this year.

We suspect that this difference between state and national voting ages will cause nothing but trouble for some time to come for election judges. But it looks like the only way this could be eliminated would be lower the state's voting age and we doubt that this would be wise—two wrongs do not necessarily make a right.

We have always doubted the wisdom of lowering the age to 18—19 or 20 maybe but not 18. Many 18-year-olds are still in high school. How do you like the thought of high school students voting on school board members? We have seen times when there could easily be enough high school voters to swing a trustee election here.

As if the State Legislature which opened Tuesday did not have enough problems on hand it seems that almost everyday the courts add a little more to their load. The latest ruling wipes out the state's annual voter registration law. Added to this is the court's ruling that candidates cannot be charged filing fees to run in primary elections.

It would appear that the only way the Legislature could possibly stay up with the courts would be to stay in constant session. Then it would be a question of which could do the most damage—the courts or the legislature.

It is with great concern that we note that Hamlin has not joined in the Law Enforcement Teletype Network which is slated to be in operation this month. Jones County is one of 22 area counties that will be included in the network and both Anson and Stamford police departments are being tied into this vast network.

The new non-voice communication equipment is available to the West Central Texas Council of Governments law enforcement agencies as a result of a \$39,857 grant awarded in August by the Texas Criminal Justice Council to establish the State's first regional law enforcement teletype network.

This network equipment is the latest device to control public offenders, providing area police and sheriff's departments with direct connection with member units, local Department of Public Safety Patrol Units, the Texas Department of Public Safety headquarters in Austin and the State and Federal Crime Information Centers in Austin and Washington.

It would seem to us that this is a vital step in the right direction to combat the growing crime rate in Texas and that the availability of this vast amount of information would be a boon to local law enforcement.

Among the area cities already signed up for this service are Abilene, Ballinger, Breckenridge, Brownwood, Coleman, Colorado City, Comanche, Cross Plains, Eastland, Snyder, Sweetwater and San Angelo. We hope that it is not too late to include Hamlin into this network that will eventually be statewide.

champion gilt at the show last year with another Duroc he had bred. He also had the champion of the West Texas Fair last September.

Steve Teichelman, 18, son of Mr. and Mrs. Fred Teichelman, a senior FFA member, had the reserve champion with his Chester White entry that he bred.

Junior High Opens District Play With Wins Over Haskell

It took two overtimes for the Eighth grade girls, but the three local Junior High Basketball teams won their opening Junior High Conference games here Monday evening with Haskell.

With their game tied at the end of regulation time, 17-17, the local girls defeated the Haskell girls, 20-17, in the second overtime with Cathy Hooper scoring 14 points.

The Seventh grade boys took an easy victory over Haskell, 35-21, with Daniel Willis leading the scoring with eight points.

The Eighth grade boys rolled to a 58-34 win over Haskell with Johnny Jones hitting 18 points, Freddie Webb 16 and Jerry Don Johnson 11.

The three teams will host Albany here tonight (Thursday) and Lueders-Avoca here Monday.

His brother, Phil, 12, had the reserve champion with a Chester White gilt. Both animals were bred by Pied Piper Farms of Hamlin. The reserve champion gilt was the daughter of the champion sow.

Scout-age Boys, Parents To Meet Here Monday

A meeting that is very important to the future of Scouting in Hamlin has been called for Monday evening at 7:30 p. m. at the Boy Scout Hut.

Because of the lack of participation by the Scout age boys the program has become inactive locally. Registration with the national organization is done during January each year. If there is to be a Scouting program, something must be done right away.

Several adults have indicated that they are interested in keeping the organization functioning but feel that there must be a more vital interest on the part of the boys if the program is to be successful.

All parents and boys 11 through 18 years of age who are interested in continuing Scouting here are urged to attend the Monday meeting. If unable to attend, it is suggested that the parents contact Jerry Adkison, a new employee of West Texas Utilities Co., or John Holtz, owner of City Food Market.

Local Cage Teams to Meet Anson Friday, Merkel Tuesday

After two outings in 7-AA basketball warfare the Pied Pipers are undefeated and share the loop lead with Merkel. With three games behind them the Piperettes are 2-1 in district play with Anson the only undefeated team left.

Friday evening the three Hamlin teams will travel to Anson and then will host Merkel here Tuesday.

Overcoming a cold first half the Pipers outscored the Rotan Yellowhammers here 16-4 in the third period to roll on to a 54-42 victory. Shelton Marshall led the Pipers scoring with 20 points.

The Piperettes had to come from behind to down the Rotan girls, 50-46, with Alice Cooper scoring 22 points.

Making a clean sweep of the evening the Hamlin Junior Varsity defeated Rotan, 30-15, with Joe Mayes scoring seven points.

The Pipers opened their district basketball campaign at Stamford Friday evening with a 40-36 win over the Bulldogs. Shelton Marshall led the Pipers scoring with 22 points as the Pipers fought

off a last quarter rally by the Bulldogs.

The Piperettes evened up their district record with a 57-20 win over the Stamford girls with Debbie Hardaway pouring in 32 points.

The Hamlin Junior Varsity opened the winning evening for Hamlin with a 45-41 victory over the Stamford Junior Varsity. David Willis was high point with 19.

The local Junior Varsity won consolation in the Merkel "B" Tourney Saturday with wins over Jim Ned and Roscoe. Willis scored 12 points and Jim Johnson added 11 as Hamlin defeated Jim Ned 55-37. Bill Cork was high with 21 points as Hamlin defeated Roscoe, 53-32. The Anson JV's defeated the local JV's in overtime in the opening round of the tourney, 42-41, to put the local boys in the consolation side of the bracket. Willis scored 14 points in this match.

In the same tourney, the Hamlin Girls B Team was defeated by Merkel for the Consolation Championship

Saturday evening, 39-38. The girls fell to Anson in the opening round, 43-29 and then defeated Baird 34-27 to make it into the finals.

Light Rain Here

Area farmers and Hamlin residents looked hopefully at cloudy skies Tuesday but their hopes were not completely fulfilled.

Bill Rountree could measure only .04 in the official gauge but this proved that it could still rain.

Mrs. Horace Daniel is visiting with her mother and father in Electra who are ill.

TWO ELECTIONS HERE—

Voter Registration Lagging In County As Deadline Nears

With less than three weeks left to register, voter registration in Jones County is lagging, according to Louis Johnson, tax assessor-collector. Although 1971 will be what is generally known as an "off year" as far as elections are concerned, there still will be two local elections of interest.

Hamlin residents will elect three councilmen with the terms of George Campbell, Irby Weaver and A. E. Kilian expiring this year.

In the local school district, terms of Jackie Williams and Raymond Seifres will expire. Added to these two elections is the possibility of special elections such as the possibility of a called election to amend the state constitution to remove the ceiling on welfare payments.

With youngsters under 21

registering for the first time this year, some 200 youngsters in Jones County have registered to vote but they will not have an opportunity to exercise this privilege this year. The U. S. Supreme Court has held that the federal law granting the franchise to 18-year olds can apply only to national elections and there are none this year.

In Texas, citizens must be 21 years old to vote. Texas was one of the states to contest the new federal law, claiming the U. S. government had no say over elections solely within the state.

Voter registration as a whole in Jones County is down but there remains the rest of this month for citizens to qualify.

Through Dec. 29, registration cards had been issued to 4,570 adults and 194 under

21. Since that time, some additional 200 applications have been received.

Johnson said application blanks had been mailed to all who registered last year but he emphasized that citizens who were not registered in 1970 will need to get an application blank at his office or from any of the banks in the county.

Last year the total registered was approximately 6,200. This means, Johnson said, that a lot of people will not be qualified to vote this year unless they file an application this month.

Although a federal court in Houston has ruled that Texas' annual voter registration system is unconstitutional, it is not likely to have any effect on this year's voting and those desiring to vote this year must still meet the Jan. 31 deadline

FORTY-FIVE YEARS AGO
(January 8, 1926)

Twenty-three members and Mr. and Mrs. H. D. Neff of Haskell, were present at the fourth annual banquet of the Hamlin High School Alumni Association held Thursday evening, December 30, at the Morgan Hotel.

Officers for the year 1926 were elected. Meritt "Buddy" Withers, president; Arlie Cassle, vice-president; May Gay, Secretary; J. C. Randel, treasurer; Karen Harden, reporter.

A four course banquet was served twenty-five persons. This is a larger number than has attended the former banquets. Classes of '19, '20, '21, '22, '23, '24 and '25 were represented.

H. D. Neff, superintendent of the Haskell schools, and former superintendent here, spoke, following the president's talk. He said that he was receiving good reports from graduates of the High School, and declared a special interest in students here. Mr. and Mrs. Neff are honorary members of the Association. They were largely responsible for its organization.

Last Friday night, the very first night of the New Year, fire almost completely destroyed the residence occupied by Mrs. Butler. A part of the building was used by Mrs. U. S. Vess, who had moved into it just about night fall. She occupied the north half. It was about eleven o'clock when the fire was discovered, and the fire department made a quick response and soon the Clyde Wilson home on the north and the Smith residence on the south were out of danger. Mrs. Vess lost the greater part of her furniture, according to reports, but it is said that Mrs. Butler had expected to make a trip to her parents and had packed up a good part of their clothing in a trunk and therefore was able to get it out. There has been no definite cause for the fire as far as the Herald has been able to find out.

TWENTY YEARS AGO
(January 12, 1951)

At a regular annual meeting hold on the evening of January 9, the stockholders of the F. & M. National Bank elected directors for the coming year.

Directors chosen for re-election to the board were J. B. Davenport, W. J. Bryant, W. C. Russell and Tate May. Miss Lennie Greenway was a new director elected to the board.

Directors then chose the following officers to serve the Hamlin financial institution:

Tate May, President; W. C. Russell, Active Vice President; Lennie

Greenway, Cashier Earl Smith, Teddy E. Russell and Buna Rountree, Assistant Cashiers.

Despite withdrawals for payment of taxes and current obligations by depositors, the F. & M. Bank was able to maintain their high deposit level of in excess of five million dollars on their quarterly statement.

Local Draft Board No. 77 at Anson announced that a total of 192 men will be called between January 17 and February 15, according to their orders at present.

A total of 41 will be sent to Abilene for physical examination January 17; 41 more to be sent for physical examination February 13 and 28 will be sent for induction February 15.

McCauley's new Post Office was officially opened last Tuesday, according to a report by a Herald reporter.

The building, made of native rock, was constructed by R. B. Hennington, postmaster.

TEN YEARS AGO
(January 12, 1961)

Tickets for the Hamlin Board of Community Development banquet Friday, January 20, are now on sale and can be obtained from any one of the BCD directors. Tickets will also be sold by Hamlin business houses. The price is \$2.50 per person.

Jack Cox, former candidate for governor of Texas, will be guest speaker. The banquet will be held in the Hamlin High School Gymnasium with the school cafeteria serving the meal.

The oil industry will be honored for their contribution to the area's economy and new officers and directors will be installed.

The Hamlin Jaycees have launched a Poll Tax Drive in Hamlin. The club will set up a booth downtown to be operated on the last two Saturdays of this month.

The club is putting out posters urging all citizens to pay their poll tax.

The booth will be open all day both Saturdays.

This is a part of a state-wide drive by the Texas Jaycees to get as many eligible voters as possible.

Neinda Philosopher Claims Farmers the Only Group Which Has Solved Problem of Over-Crowding

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One modestly lays claim to the solution of a problem this week.

Dear editor: Try it. It doesn't make any difference what subject you're talking about, somewhere in the world it's a problem something ought to be done about.

For example, I was reading in a newspaper last night I salvaged from a Christmas package it was used in to keep some cups and saucers from breaking — two of them came out all right except for a few chipped places — that dogs are becoming an unmanageable problem in cities.

That's right. The dog population, the article said, is increasing faster than the human population, which most people claim is increasing too fast itself, and as a result city officials don't know what to do. You take a city with a million people and a million dogs, counting those roaming the streets, dogs, that is, although some people come under this category too, and you have got a problem.

But of course dogs and people are just part of the

problem. There are too many cars, too many airplanes, too many wars, too many countries, too many diseases, in

Two Teenage Girls Charged Here With Burglary, Truancy

Two 13 year old Hamlin girls were charged Monday in Jones County Juvenile court with two counts of burglary, annoying telephone calls and truancy.

One girl was declared to be a delinquent child by Judge Leon Thurman and placed under the jurisdiction of the Texas Youth Council until she reaches 21 years of age.

The other girl was placed on probation and placed in the custody of her mother and stepfather who live in Abilene. The girl had been living in Hamlin with her grandparents.

The charges resulted from the burglary of the residence of Faye Atkinson, 315 S. W. 4th between 12-9-70 and 12-11-70 and again on 1-8-71 as well as annoying telephone calls made to the Hamlin Police Dept. and truancy resulting from failure to attend school at Hamlin Jr. High school where they were eighth grade students.

fact, if you'll survey the entire world you'll find that there's just one group that has had the sense to understand the problem and keep its head. It's farmers.

You don't find there're too many of us farmers.

Farmers saw the problem of endless multiplication and overcrowding years ago and began cutting back. Where cities tried to put two dogs where there was room for just one and three cars where there was barely room for one, farmers put one farmer where there used to be four.

From 50 per cent of the population we dropped to 8 per cent.

I don't know why cities haven't caught on to this solution.

Yours faithfully, J. A.

Visiting in the home of Mr. and Mrs. Bonnie Bingham over the weekend were Mrs. Bingham's brother, J. D. Gray, Mrs. Gray and daughter Linda of Ennis. Other visitors were a nephew, Robert Gray and wife of Abilene.

Mr. and Mrs. Gus Young Jr. returned home Saturday, Jan. 2, after visiting a week with relatives in Alabama.

Attitude...
OF PRAYER

"Give ear to my words. O Lord, consider my meditation. Harken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Psalms 5:1-2

God hears and answers prayers, but not everyone knows how to pray. Even the Lord's disciples asked that he teach them how to pray.

Attitude of the individual is important in prayer. Prayer is the opportunity that we have to tell God of our blessings and give thanks. It is an opportunity to petition for help, but above all, our hearts should be willing that God's will be done.

Prayer should be offered individually and in groups.

ATTEND CHURCH
AND
PRAY WITH OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

NEWS AND VIEWS . . .

And What Have You

By BOB CRAIG

With the influx of college kids home between semesters the conversations of the older generations at half time during basketball games seems to center around the boys' long hair.

The best comment we have heard related to this is that if anyone ever need subsidizing by the government it is the barbers. A large part of their crop has already been diverted.

Some 200 youngsters in Jones County under the age of 21 have registered to vote but really to no avail since they can vote only in federal elections of which there are none this year.

We suspect that this difference between state and national voting ages will cause nothing but trouble for some time to come for election judges. But it looks like the only way this could be eliminated would be lower the state's voting age and we doubt that this would be wise—two wrongs do not necessarily make a right.

We have always doubted the wisdom of lowering the age to 18—19 or 20 maybe but not 18. Many 18-year-olds are still in high school. How do you like the thought of high school students voting on school board members? We have seen times when there could easily be enough high school voters to swing a trustee election here.

As if the State Legislature which opened Tuesday did not have enough problems on hand it seems that almost everyday the courts add a little more to their load. The latest ruling wipes out the state's annual voter registration law. Added to this is the court's ruling that candidates cannot be charged filing fees to run in primary elections.

It would appear that the only way the Legislature could possibly stay up with the courts would be to stay in constant session. Then it would be a question of which could do the most damage—the courts or the legislature.

It is with great concern that we note that Hamlin has not joined in the Law Enforcement Teletype Network which is slated to be in operation this month. Jones County is one of 22 area counties that will be included in the network and both Anson and Stamford police departments are being tied into this vast network.

The new non-voice communication equipment is available to the West Central Texas Council of Governments law enforcement agencies as a result of a \$39,857 grant awarded in August by the Texas Criminal Justice Council to establish the State's first regional law enforcement teletype network.

This network equipment is the latest device to control public offenders, providing area police and sheriff's departments with direct connection with member units, local Department of Public Safety Patrol Units, the Texas Department of Public Safety headquarters in Austin and the State and Federal Crime Information Centers in Austin and Washington.

It would seem to us that this is a vital step in the right direction to combat the growing crime rate in Texas and that the availability of this vast amount of information would be a boon to local law enforcement.

Among the area cities already signed up for this service are Abilene, Ballinger, Breckenridge, Brownwood, Coleman, Colorado City, Comanche, Cross Plains, Eastland, Snyder, Sweetwater and San Angelo. We hope that it is not too late to include Hamlin into this network that will eventually be statewide.

Swine Entries Dominate JC Livestock Show Saturday

Swine entries dominated the Community Livestock Show sponsored by the Hamlin Jaycees held here Saturday at the Jaycee Community Building. Hamlin Future Farmers of America members and Hamlin 4-H Club members participated in the five categories.

Ricky Rodgers, 16, son of Mr. and Mrs. James E. Rodgers, had the champion barrow with his Duroc entry that he bred. A junior student and FFA member, Rodgers has been showing three years and had the reserve

champion gilt at the show last year with another Duroc he had bred. He also had the champion of the West Texas Fair last September.

Steve Teichelman, 18, son of Mr. and Mrs. Fred Teichelman, a senior FFA member, had the reserve champion with his Chester White entry that he bred.

4-H Club members Kevin and Phil George, both sons of Mr. and Mrs. Callens George, were top winners in breeding swine.

Junior High Opens District Play With Wins Over Haskell

It took two overtimes for the Eighth grade girls, but the three local Junior High Basketball teams won their opening Junior High Conference games here Monday evening with Haskell.

With their game tied at the end of regulation time, 17-17, the local girls defeated the Haskell girls, 20-17, in the second overtime with Cathy Hooper scoring 14 points.

The Seventh grade boys took an easy victory over Haskell, 35-21, with Daniel Willis leading the scoring with eight points.

The Eighth grade boys rolled to a 58-34 win over Haskell with Johnny Jones hitting 18 points, Freddie Webb 16 and Jerry Don Johnson 11.

The three teams will host Albany here tonight (Thursday) and Lueders-Avoca here Monday.

Kevin, 10, a fifth grader showed the champion, a three year-old sow that would tip the scales near 600 pounds.

His brother, Phil, 12, had the reserve champion with a Chester White gilt. Both animals were bred by Pied Piper Farms of Hamlin. The reserve champion gilt was the daughter of the champion sow.

Mike Herd, 16, son of Mr. and Mrs. Arnold Herd, a sophomore FFA student had the champion in the poultry class with laying hens while another FFA student, Rodney Rackley, 17, a junior and son of Mr. and Mrs. O. L. Rackley, had the reserve champion with broiler entries. Stillwater Hatchery of Stillwell, Okla., was breeder for both winners.

David Thompson, 16, a sophomore FFA member and son of Mr. and Mrs. Bill Thompson, had the champion rabbits with a doe he bred, Ronald Crouch, 12, 4-H club member, had a doe he serve with a doe he bred. Thompson is a sophomore student and Crouch is a sixth grader.

Rickey Gruben, 15-year-old son of Mr. and Mrs. Dick Gruben, had the champion commercial beef entry. A sophomore FFA student, he had an Angus bred by his father that was placed in the choice bracket.

Danny Wood, 16, Hamlin FFA sophomore and son of Mr. and Mrs. Herman Wood, had the reserve champion bred by his father.

Scout-age Boys, Parents To Meet Here Monday

A meeting that is very important to the future of Scouting in Hamlin has been called for Monday evening at 7:30 p. m. at the Boy Scout Hut.

Because of the lack of participation by the Scout age boys the program has become inactive locally. Registration with the national organization is done during January each year. If there is to be a Scouting program, something must be done right away.

Several adults have indicated that they are interested in keeping the organization functioning but feel that there must be a more vital interest on the part of the boys if the program is to be successful.

All parents and boys 11 through 18 years of age who are interested in continuing Scouting here are urged to attend the Monday meeting. If unable to attend, it is suggested that the parents contact Jerry Adkison, a new employee of West Texas Utilities Co., or John Holtz, owner of City Food Market.

Local Cage Teams to Meet Anson Friday, Merkel Tuesday

After two outings in 7-AA basketball warfare the Pied Pipers are undefeated and share the loop lead with Merkel. With three games behind them the Piperettes are 2-1 in district play with Anson the only undefeated team left.

Friday evening the three Hamlin teams will travel to Anson and then will host Merkel here Tuesday.

Overcoming a cold first half the Pipers outscored the Rotan Yellowhammers here 16-4 in the third period to roll on to a 54-42 victory. Shelton Marshall led the Piper scoring with 20 points.

The Piperettes had to come from behind to down the Rotan girls, 50-46, with Alice Cooper scoring 22 points.

Making a clean sweep of the evening the Hamlin Junior Varsity defeated Rotan, 30-15, with Joe Mayes scoring seven points.

The Pipers opened their district basketball campaign at Stamford Friday evening with a 40-36 win over the Bulldogs. Shelton Marshall led the Piper scoring with 22 points as the Pipers fought

off a last quarter rally by the Bulldogs.

The Piperettes evened up their district record with a 57-20 win over the Stamford girls with Debbie Hardaway pouring in 32 points.

The Hamlin Junior Varsity opened the winning evening for Hamlin with a 45-41 victory over the Stamford Junior Varsity. David Willis was high point with 19.

The local Junior Varsity won consolation in the Merkel "B" Tourney Saturday with wins over Jim Ned and Roscoe. Willis scored 12 points and Jim Johnson added 11 as Hamlin defeated Jim Ned 55-37. Bill Cork was high with 21 points as Hamlin defeated Roscoe, 53-32. The Anson JV's defeated the local JV's in overtime in the opening round of the tourney, 42-41, to put the local boys in the consolation side of the bracket. Willis scored 14 points in this match.

In the same tourney, the Hamlin Girls B Team was defeated by Merkel for the Consolation Championship

Saturday evening, 39-38. The girls fell to Anson in the opening round, 45-29 and then defeated Baird 34-27 to make it into the finals.

Area farmers and Hamlin residents looked hopefully at cloudy skies Tuesday but their hopes were not completely fulfilled.

Bill Rountree could measure only .04 in the official gauge but this proved that it could still rain.

Mrs. Horace Daniel is visiting with her mother and father in Electra who are ill.

TWO ELECTIONS HERE—

Voter Registration Lagging In County As Deadline Nears

With less than three weeks left to register, voter registration in Jones County is lagging, according to Louis Johnson, tax assessor-collector. Although 1971 will be what is generally known as an "off year" as far as elections are concerned, there still will be two local elections of interest.

Hamlin residents will elect three councilmen with the terms of George Campbell, Irby Weaver and A. E. Kilion expiring this year.

In the local school district, terms of Jackie Williams and Raymond Scifres will expire. Added to these two elections is the possibility of special elections such as the possibility of a called election to amend the state constitution to remove the ceiling on welfare payments.

With youngsters under 21

registering for the first time this year, some 200 youngsters in Jones County have registered to vote but they will not have an opportunity to exercise this privilege this year. The U. S. Supreme Court has held that the federal law granting the franchise to 18-year olds can apply only to national elections and there are none this year.

In Texas, citizens must be 21 years old to vote. Texas was one of the states to contest the new federal law, claiming the U. S. government had no say over elections solely within the state.

Voter registration as a whole in Jones County is down but there remains the rest of this month for citizens to qualify.

Through Dec. 29, registration cards had been issued to 4,570 adults and 194 under

21. Since that time, some additional 200 applications have been received.

Johnson said application blanks had been mailed to all who registered last year but he emphasized that citizens who were not registered in 1970 will need to get an application blank at his office or from any of the banks in the county.

Last year the total registered was approximately 6,200. This means, Johnson said, that a lot of people will not be qualified to vote this year unless they file an application this month.

Although a federal court in Houston has ruled that Texas' annual voter registration system is unconstitutional, it is not likely to have any effect on this year's voting and those desiring to vote this year must still meet the Jan. 31 deadline

Thompson-Maberry Vows Read At Sylvester Friday

Danna Kay Thompson, daughter of Mr. and Mrs. Melvin C. Thompson of Sylvester, and Arthur Lewis Maberry, son of Mr. and Mrs. Albert Maberry of Trent were married Friday evening in Sylvester Baptist Church.

Rev. R. V. Thompson, pastor of Kingston Avenue Baptist Church of Odessa, officiated. Pianist was Mrs. Marvin Sharp. Mrs. Freddie Kiser was soloist.

Mrs. Ted Simpson of Trent was matron of honor. Bridesmaids were Sheila Hammer and Judy Young, both of Trent, and Joyce Scott of Sylvester.

Lisa Ross was flower girl and Gordon Wray Maberry, brother of the bridegroom, was ringbearer.

Candles were lighted by Lynne Dehnell and Karon Paschall, both of Abilene.

Al Maberry of Sulphur Springs was best man. Groomsmen were Bob Welborn of Ft. Worth, Pat Carriker and Tim Riggan, both of Trent.

Ushers were Gaylon Brnovak of Trent and Scott Beaver of Glen Cove.

Presented in marriage by her father, the bride wore a floor length gown of hand clipped Chantilly lace with sequins outlining scalloped sabbina neckline and molded bodice. Tiered ruffles formed the semi-A-line skirt. The over bodice of lace held the lace chapel train. Her veil of silk illusion accented with lace appliques was held by a head band of peau de sole petals trimmed with pearls and roses. Her bouquet was a crescent shaped arrangement of white orchids and carnations.

Attendants wore floor length light pink nylon skirts with matching cummerbund and sash and deeper pink chiffon blouses with round collars and full long gathered sleeves. Their headbands were of rose crepe. Each carried a large ball made of pink roses and net and held with pink ribbon covered with shades of pink carnations.

The reception was held in the Fellowship Hall. The tables were covered with a floor length net cloth edged with lace over white. The centerpiece was a candelabra decorated with pink flowers. The four tiered cake was formed on a base of four heart shaped cakes.

Serving were Pam Turner and Diane Dickerson, both cousins of the bride, and Mrs. Bob Welborn and Mrs. Stena Stone. After a wedding trip to San Antonio the couple established residence Jan. 12 in Stephenville where both are sophomore students at Tarleton State College.

The bride, valedictorian of her class at Trent High School, attended Hardin - Simmons University last year. She is employed by Data Processing Center at TSC. The bridegroom, also a graduate of Trent High School, is vice president of collegiate Future Farmers of America at TSC and is employed on the College farm. The rehearsal dinner was hosted by the bridegroom's parents at Asteroid Restaurant. After a wedding trip to San Antonio the couple established residence Jan. 12 in Stephenville where both are sophomore students at Tarleton State College.

FROM THE FILES . . .

FORTY-FIVE YEARS AGO
(January 8, 1926)

Twenty-three members and Mr. and Mrs. H. D. Neff of Haskell, were present at the fourth annual banquet of the Hamlin High School Alumni Association held Thursday evening, December 30, at the Morgan Hotel.

Officers for the year 1926 were elected. Meritt "Buddy" Withers, president; Arlie Cassle, vice-president; May Gay, Secretary; J. C. Randel, treasurer; Karen Harden, reporter.

A four course banquet was served twenty-five persons. This is a larger number than has attended the former banquets. Classes of '19, '20, '21, '22, '23, '24 and '25 were represented.

H. D. Neff, superintendent of the Haskell schools, and former superintendent here, spoke, following the president's talk. He said that he was receiving good reports from graduates of the High School, and declared a special interest in students here. Mr. and Mrs. Neff are honorary members of the Association. They were largely responsible for its organization.

Last Friday night, the very first night of the New Year, fire almost completely destroyed the residence occupied by Mrs. Butler. A part of the building was used by Mrs. U. S. Vess, who had moved into it just about night fall. She occupied the north half. It was about eleven o'clock when the fire was discovered, and the fire department made a quick response and soon the Clyde Wilson home on the north and the Smith residence on the south were out of danger. Mrs. Vess lost the greater part of her furniture, according to reports, but it is said that Mrs. Butler had expected to make a trip to her parents and had packed up a good part of their clothing in a trunk and therefore was able to get it out. There has been no definite cause for the fire as far as the Herald has been able to find out.

TWENTY YEARS AGO
(January 12, 1951)

At a regular annual meeting hold on the evening of January 9, the stockholders of the F. & M. National Bank elected directors for the coming year.

Directors chosen for re-election to the board were J. B. Davenport, W. J. Bryant, W. C. Russell and Tate May. Miss Lennie Greenway was a new director elected to the board.

Directors then chose the following officers to serve the Hamlin financial institution:

Tate May, President; W. C. Russell, Active Vice President; Lennie

Greenway, Cashier Earl Smith, Teddy E. Russell and Buna Rountree, Assistant Cashiers.

Despite withdrawals for payment of taxes and current obligations by depositors, the F. & M. Bank was able to maintain their high deposit level of in excess of five million dollars on their quarterly statement.

Local Draft Board No. 77 at Anson announced that a total of 192 men will be called between January 17 and February 15, according to their orders at present.

A total of 41 will be sent to Abilene for physical examination January 17; 41 more to be sent for physical examination January 30; 82 will be sent for physical examination February 13 and 28 will be sent for induction February 15.

McCaulley's new Post Office was officially opened last Tuesday, according to a report by a Herald reporter.

The building, made of native rock, was constructed by R. B. Hennington, postmaster.

TEN YEARS AGO
(January 12, 1961)

Tickets for the Hamlin Board of Community Development banquet Friday, January 20, are now on sale and can be obtained from any one of the BCD directors. Tickets will also be sold by Hamlin business houses. The price is \$2.50 per person.

Jack Cox, former candidate for governor of Texas, will be guest speaker. The banquet will be held in the Hamlin High School Gymnasium with the school cafeteria serving the meal.

The oil industry will be honored for their contribution to the area's economy and new officers and directors will be installed.

The Hamlin Jaycees have launched a Poll Tax Drive in Hamlin. The club will set up a booth downtown to be operated on the last two Saturdays of this month.

The club is putting out posters urging all citizens to pay their poll tax.

The booth will be open all day both Saturdays.

This is a part of a state-wide drive by the Texas Jaycees to get as many eligible voters as possible.

A record of the rainfall for 1960 compiled at the City pump station reveals a total of 19.45 for the year as compared with the total of 23.75 for 1959. Average yearly rainfall is 22.74 inches.

The records kept by Bill Rountree show the heaviest rainfall in July with 5.59 inches, with 3.37 falling on the 7th and 1.85 on the 6th.

In October the next heaviest amount recorded was 3.14 with 1.70 on the 16th.

Neinda Philosopher Claims Farmers the Only Group Which Has Solved Problem of Over-Crowding

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One modestly lays claim to the solution of a problem this week.

Dear editor:

Try it. It doesn't make any difference what subject you're talking about, somewhere in the world it's a problem something ought to be done about.

For example, I was reading in a newspaper last night I salvaged from a Christmas package it was used in to keep some cups and saucers from breaking — two of them came out all right except for a few chipped places — that dogs are becoming an unmanageable problem in cities.

That's right. The dog population, the article said, is increasing faster than the human population, which most people claim is increasing too fast itself, and as a result city officials don't know what to do. You take a city with a million people and a million dogs, counting those roaming the streets, dogs, that is, although some people come under this category too, and you have got a problem.

But of course dogs and people are just part of the

problem. There are too many cars, too many airplanes, too many wars, too many countries, too many diseases, in

Two Teenage Girls Charged Here With Burglary, Truancy

Two 13 year old Hamlin girls were charged Monday in Jones County Juvenile court with two counts of burglary, annoying telephone calls and truancy.

One girl was declared to be a delinquent child by Judge Leon Thurman and placed under the jurisdiction of the Texas Youth Council until she reaches 21 years of age.

The other girl was placed on probation and placed in the custody of her mother and stepfather who live in Abilene. The girl had been living in Hamlin with her grandparents.

The charges resulted from the burglary of the residence of Faye Atkinson, 315 S. W. 4th between 12-9-70 and 12-11-70 and again on 1-8-71 as well as annoying telephone calls made to the Hamlin Police Dept. and truancy resulting from failure to attend school at Hamlin Jr. High school where they were eighth grade students.

fact, if you'll survey the entire world you'll find that there's just one group that has had the sense to understand the problem and keep its head. It's farmers. You don't find there're too many of us farmers.

Farmers saw the problem of endless multiplication and overcrowding years ago and began cutting back. Where cities tried to put two dogs where there was room for just one and three cars where there was barely room for one, farmers put one farmer where there used to be four.

From 50 per cent of the population we dropped to 8 per cent.

I don't know why cities haven't caught on to this solution.

Yours faithfully,
J. A.

Visiting in the home of Mr. and Mrs. Bonnie Bingham over the weekend were Mrs. Bingham's brother, J. D. Gray, Mrs. Gray and daughter Linda of Ennis. Other visitors were a nephew, Robert Gray and wife of Abilene.

Mr. and Mrs. Gus Young Jr. returned home Saturday, Jan. 2, after visiting a week with relatives in Alabama.

Attitude... OF PRAYER

"Give ear to my words, O Lord, consider my meditation. Harken unto the voice of my cry, my King, and my God: for unto thee will I pray."

Psalms 5:1-2

God hears and answers prayers, but not everyone knows how to pray. Even the Lord's disciples asked that he teach them how to pray.

Attitude of the individual is important in prayer. Prayer is the opportunity that we have to tell God of our blessings and give thanks. It is an opportunity to petition for help, but above all, our hearts should be willing that God's will be done.

Prayer should be offered individually and in groups.

ATTEND CHURCH
AND
PRAY WITH OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Everyone seems to have
adjusted well to the new
year. Those who didn't do as
well as they would like in
their school work in 1970 will
try, I hope, a little harder
in 1971.

Most of the Seniors received
their pictures during the holi-
days. Those who did receive
pictures are busy exchanging
their "uglies" with each other.

They make nice targets.

The difference is, our deal includes more

On cars delivered now through

from us.

But that doesn't mean we won't give

you a good deal, too.

Because we've got the best cars we
ever had this year, and we're going all-out
to give you a better deal than you can get
anywhere else.

Plus the tv set.

Maybe you don't expect this much from
